

AMALIE®

Better than it has to be®
Since 1903

POWER STEERING FLUID

BENEFITS:

- » Protects Against Wear, Oxidation and Corrosion
- » Protects Against Foaming and Clogging
- » Compatible with All Factory Power Steering Fluids
- » Helps Keep System Running Smoother and Quieter

MADE IN U.S.A.

Better than it has to be®
Since 1903

POWER STEERING FLUID

AMALIE Power Steering Fluid is formulated using highly refined base oils and select additives to provide year-round smooth and reliable performance. It provides optimum protection and service in power steering systems of both foreign and domestic vehicles.

AMALIE Power Steering Fluid helps to control seal swelling and protects pump parts against wear while providing the proper frictional properties for optimum performance. It is designed to protect against wear, oxidation and corrosion as well as protecting against foaming, clogging and rust. It will not harm rubber hoses. This product is blended to mix with original equipment fluids.

TYPICAL PHYSICAL AND CHEMICAL PROPERTIES

API.....	30.7
Specific Gravity.....	0.873
Kinematic Viscosity @100°C, cSt.....	6.5
Kinematic Viscosity @40°C, cSt.....	42.74
Viscosity Index.....	103
Flash Point, °C (°F).....	220 (428)
Pour Point, °C (°F).....	-42 (-43.6)
Color.....	1.0
Zinc, ppm.....	435
Calcium, ppm.....	50
Phosphorus, ppm.....	340

Typical values are listed. Variations not affecting the performance of this fluid may occur during production; however, these variations will not fall outside of set specification parameters.

Please consult AMALIE Technical Services or your local representative for a full listing of applications.
